## What is myBlueprint?

myBlueprint is an Education & Career Planning Tool.

Students use "myBlueprint" to plan out and experiment with multiple course selection scenarios for their high school years, while also having access to surveys and activities that help them to learn more about themselves and their interests. The more information students provide as they work through the various activities and surveys, the resources will start to focus on options for possibilities and further studies based on their interests, aptitudes and personalities. They will start to build an online portfolio that both houses and reflects their accomplishments and aspirations. Students use this knowledge to inform themselves about not only the credentials and experiences needed to work in a given field, but it will also allow them to gain personal insights into whether or not they are a 'good fit' for the career or area of study they are thinking about pursuing.

## Signing up for a "myBlueprint" student account:

- 1) Click on [myBlueprint](#) and select 'Sign Up'.
- 2) Select 'SPS Outreach High School' under the 'School' drop down menu and click 'Create Account'.
- 3) On the Welcome page select your account type (e.g. Student and your current grade level, and click 'continue'.
- 4) Enter your ASN (Alberta Student Number) and birthdate. (If you are unsure what your ASN is, go to [Alberta Government Learner Registry](#). Follow the instructions on the page to get your ASN immediately delivered to you on-screen.)
- 5) Click Get Started.
- 6) To finish setting up your account, select your name from the top right corner of the dashboard and choose 'Account Settings'.
- 7) Update Email to use your student email address provided by the school district and choose a password that is easy for you to remember.
- 8) Your "myBlueprint" account will now be active and you will have access to all student components of the application through the "Dashboard".
